

Expand 2000

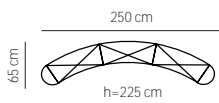

Bring your message to your target audience

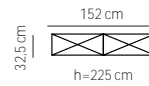

"3x3" curved with curved ends.

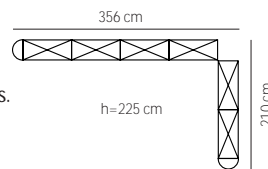

A podium and transport box all in one – it couldn't be easier. Your customers can gather around the sturdy podium during the day and, when you're finished, you can quickly and easily turn it into a transport box capable of carrying both images and accessories. You can even use the podium as an extra display for matching images in smaller formats. The podium's wooden top is available in different kinds of wood and colours.

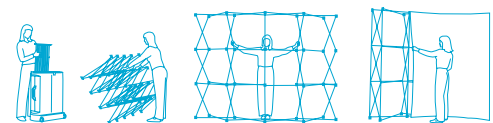

"3x3" curved with curved ends including showcase and back-lit header. Showcases and shelves are simple and highly effective accessories that display your products in a visually appealing setting. And a back-lit header allows you to enhance the impression you make.

"2x3" straight with straight ends.

"4x3" straight + "2x3" straight with curved ends.

Expand 2000

With Expand 2000, it's easy to display your message wherever your customers may be. Expand 2000 is an extremely easy-to-handle system that can be set up in less than 10 minutes – and you don't even need tools.

Its large display area ensures maximum impact for your message and images – in any environment. So why not take the opportunity to create more attractive meetings with your target group

in both common and less common situations. Expand 2000 enables you to be seen in all the right places. Lighting is also available as an accessory to enhance your message even more. Expand 2000 is an effective tool for getting close to your target group – anywhere, in any situation.
