

HOW TO INSTALL BEACHFLAG POLES

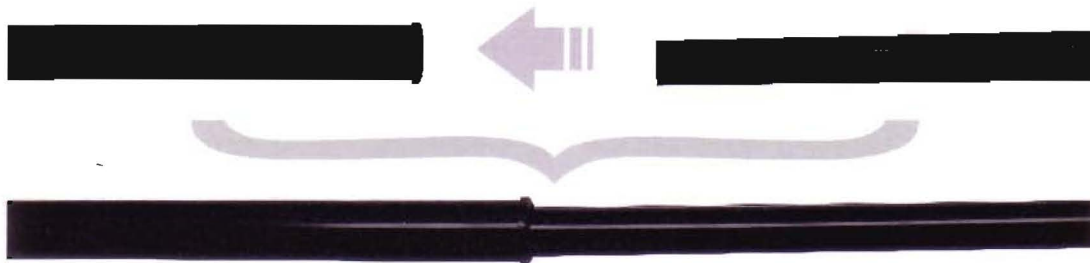

(ASSEMBLY GUIDE)

RANGE OF SIZES: S – 4 sections, M – 4 sections, L – 4 sections, XL – 5 sections

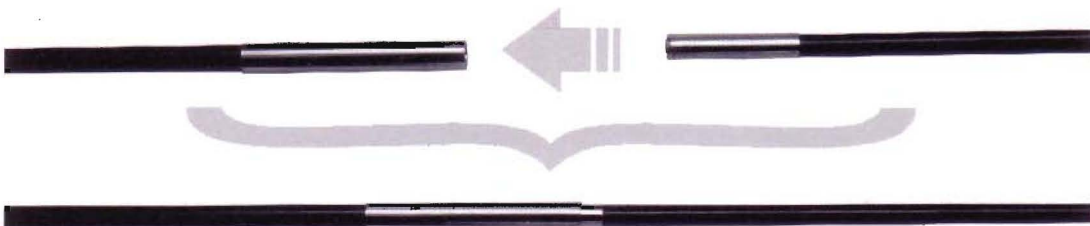

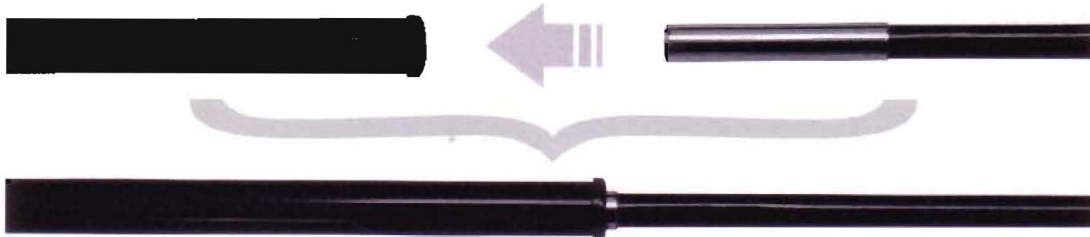

1. Remove pole sections and base from bag.

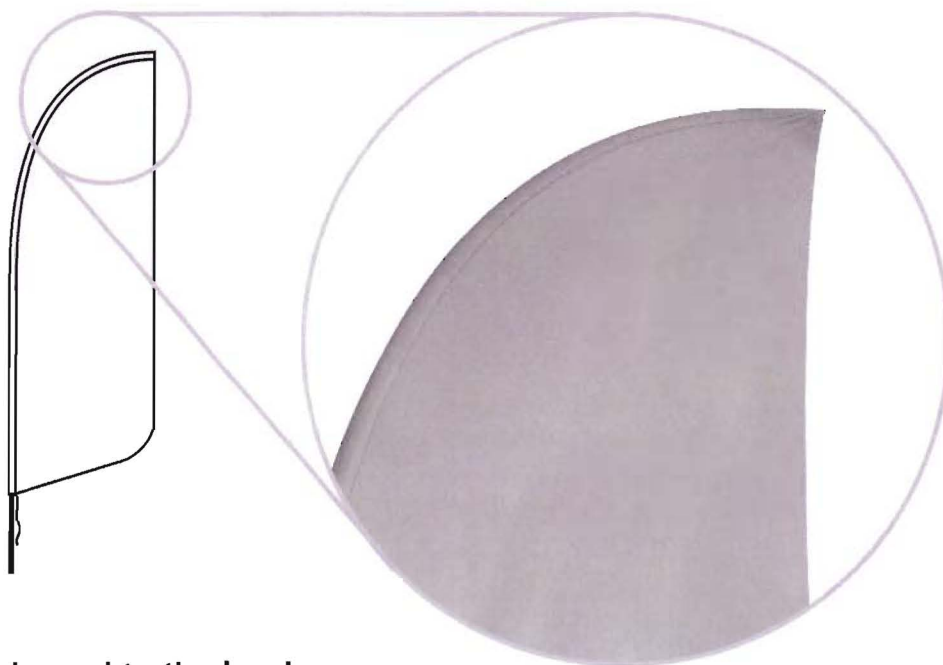

2. Take thickest section and put into the next thickest section until it locks.

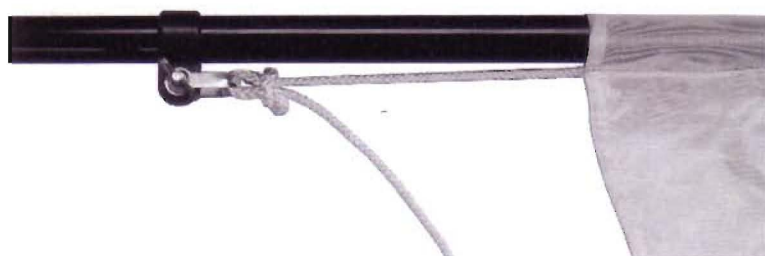

3. Repeat with the next thickest section, finishing with the thinnest section.

4. Thread flag over the pole – the top will bend to the shape of the flag to give it tension.

5. Attach cord to the hook.

very important

- 6a. Push the rotator down until you reach the bottom of the screw base.

- 6b. Screw the red nut tightly until the rotator is fixed well.

- 6c. Check if the rotating part is fixed enough.

7. Place a chosen base into the ground
